# Writing Activity 2: **Sense and Cents**

***Fun with homonyms…***
**"Charlotte thought Katani sounded great when she talked about how the class could do car washes at the football games to raise money. It made sense. It would make cents. Charlotte smiled at her pun. She loved wordplay."**
***-Just Kidding* p. 172**

Sense and cents (& scents) are homonyms, that is to say, they are words that sound the same even though they have different meanings and spellings. Time yourself and a partner for four minutes and list as many homonyms as you can in that amount of time. Number each pair. See who can list the most correct pairs of homonyms before the time is up.
